Let Us Inspire You...

**H**ELLO AND WELCOME  
to our vintage Hair and Make-Up Academy.  
Whether you're a novice, a dabbler, a  
candlestick maker, or even an experienced  
victory roller, our range of courses are guaranteed to elevate  
your skill.

We are incredibly proud to be working with the founder of **Lipstick and Curls**, Amanda Moorhouse, who has over 20 years experience in hair and make-up under her (suspender) belt. Combining Amanda's talent with her love and passion for everything Vintage, we feel confident that our academy will give you the tools and confidence you need to create the look you have always wanted.

Your training will be held at The Vintage Patisserie's headquarters in East London. We are known for our indulgent soirees and attention to detail, and we hope you will see this in your time with us. We don't just plan to offer you skills; we plan to offer you a unique experience and we finish every course with a glass of bubbly to celebrate your achievements.

We look forward to this journey and hope the following pack excites your senses and answers a few questions. After reading please do call and discuss your requirements. We are an old fashioned team here and like to ensure every detail is covered.

# VINTAGE HAIR AND MAKE-UP ACADEMY DAY *with* LIPSTICK & CURLS

Our one day experience is £120 per person, or you can attend individual evening sessions priced at £50 per session

## Session 1 **Setting, Pin Curling & The Perfect Set**

Pin curls are the basis of every vintage style from the 40's/50's and a great place to start your session. You will be looking at different ways to pin curl the hair, by applying your skills to various hair types and length. Amanda will share her tips and tricks to ensure you understand the importance of this process.

The perfect set requires confidence in brushing and styling. Amanda explains the importance of getting this stage right, to be the base for any vintage hairstyle.

## Session 2 **Your Perfect Hair-do**

At this stage you are guaranteed to feel more confident with your basic techniques. Amanda will demonstrate various vintage classics including; the victory roll, the poodle and the French pleat. It will then be your chance to be really creative, with Amanda on hand to guide you!

## Session 3 **Make up through the decades**

Amanda will demonstrate classic make up styles from the 20's to the 60's, and help you to identify your ideal look. Amanda has an amazing wealth of knowledge gained over 20 years in the industry, and she is keen to share all her secrets with you.
